

Scott Crowley

Student of Computer Engineering

Profile

I'm a senior in the Electrical & Computer Engineering program and excited to graduate December 2021. My research and interests include control systems, embedded devices, and SoC design. I have extensive experience providing quality customer service in various fields from information technology to laboratory science to heavy machinery. I believe in taking pride in my work and ensuring my team can depend on me to help us succeed.

Education

Computer Engineering

University of Utah, GPA 3.33

2017 – Present

Associate of Science in Engineering

Great Basin College, GPA 3.75
